

## INFORMATION FOR AUTHORS

We invite authors to send subject proposal including abstract and keywords by using Application for electronic paper submission available at [www.bslz.org](http://www.bslz.org). Authors may register for either a paper or a poster presentation. Accepted papers and poster abstracts will be published in proceedings, if additional conditions are met. Only papers and abstracts on which at least one author has paid the registration fee will be published, also under condition that they will be presented at the conference (oral or poster presentation). The decision on how the paper will be presented at the conference is made by the Scientific-program committee. One author can author at most three papers or posters, and be the first author on two. In certain cases, the program committee can approve an exception from this rule. In order to submit a subject, one of the authors (correspondance author) must have an account at the website [www.bslz.org](http://www.bslz.org), which must be verified.

**Student papers** are those on which all authors are declaring as students on any level. Among all submitted and accepted papers the organizer will choose three papers to be awarded as best, and to one of the authors of the awarded papers, expenses of the registration fee will be covered (no accommodation included). All accepted student papers will be published within Conference Proceedings.
