19th RSLC International Conference is one in a row of events organized within the second Decade of Action for Road Safety, 2021-2030.

At the 18th Conference on Road Safety, held in April 2023, over 360 domestic and foreign experts had participated. Conference was supported by UNECE, ETSC, and many others.

Conference represents an opportunity to present the latest works of eminent experts from Europe will be presented, especially from the region, as well as practical experiences in meeting the challenges of risk in traffic. The results of traditional researches of traffic risk will be shown and also risk distribution across local communities in Serbia, as well as similar studies from other states. Great attention will be devoted to showing the practice of implementing the measures and the activities of local communities, which will once again point out their significance and their role in improving road safety. The meeting represents an opportunity for comparative analysis of different models of organization and functioning of the road safety protective system in the local community, as well as models of funding road safety activities at the local level.

These and other details are perfectly good reasons for representatives of your institution to take active participation in this event.

All possible sponsorship packages are presented within this program. We truly believe you will easily find it is in your company's best interest to promote its business to conference participants and future business partners in a proper and professional way through some of the packages offered.
